GOAN REFUGEES

Goan refugees, who sought air routes, Goa, which has been a colony of Portugal for almost 450 years, is today reported completely in Indian hands. A group of refugees are seen here awaiting news of their future.

## Goan Gov. Gen. Captured As Resistance Crushed

NOVA GOA (Reuters)—India consolidated its grip on Goa today with the reported capture of the last pocket of resistance.

## Osteopath Found Guilty In Deaths Of 12 Patients

CAMDEN, N.J. (AP)—Dr. Albert L. Weiner, an osteopathic physician specializing in psychiatry, was found guilty Tuesday night of manslaughter for the deaths of 12 patients. He was acquitted of criminal responsibility in the deaths of three others.

A jury returned its verdict shortly before midnight, after 12 hours of deliberation. It ended a trial that began 58 days ago and included the testimony of nearly 200 witnesses. Many were former patients who testified they saw dried blood on infusion tubing in Weiner's office.

Prosecutor Norman Heine said the deaths were attributable to Weiner's use of unsterile

## 'Scatback' Hope Slim

CAPE CANAVERAL, Fla. (AP)—An Atlas missile took a tiny rhesus monkey named Scatback on a 600-mile ride into space but chances appeared slim today that the little fellow will be recovered.

A ship bucked heavy seas in the South Atlantic searching for the capsule containing Scatback.

Officials expressed hope the capsule bearing the four-pound animal would be found, but admitted the odds were not good. It may have sunk in the rough water, with waves running seven to nine feet high.

Scatback, with a radio transmitter and biomedical sensors imbedded under the skin, was in the capsule attached to the side of an Atlas which blazed away from the Cape Tuesday night.

## No Comment Says Krishna

LONDON (Reuters)—Indian Defence Minister V. K. Krishna Menon stopped here today on his way to the United Nations but declined to comment on India's invasion of three Portuguese territories.

Menon snapped "no comment, no comment" as reporters bombarded him with questions at the airport.

As he hurried to catch his flight for New York, Menon said: "There have been some very inaccurate reports on Goa."

## LATE FLASHES

### Ford, Union Resume Talks

TORONTO (CP)—Ford of Canada and the United Auto Workers (UAW) today resumed talks aimed at settling a new contract for Ford's 12,000 Canadian workers.

### Moss Hart Dies Aged 57

PALM SPRINGS, Calif. (AP)—Playwright Moss Hart died today at his winter home here. He was 57.

### Fleming's Columbia Reply 'Soon'

OTTAWA (CP)—Finance Minister Fleming said today he hopes to reply "soon" to Premier Bennett's request for another meeting to discuss financing of the \$450,000,000 Columbia River hydro and flood control project.

### S. American 'Quake Kills 5

BOGOTA (AP)—Five persons were killed and an undetermined number injured in an earthquake that shook a wide area in Colombia today.

# Vast US Power Plan — If Canada Agrees

## Congolese 'Ice' Cracks At Talks

LEOPOLDVILLE (AP)—President Moise Tshombe of Katanga and Congolese Premier Cyrille Adoula opened their long-awaited negotiations today to end the secession of Katanga. They promptly warmed the icy political atmosphere with friendly embraces and reminiscences.

The two political enemies got down to business in a conference room of the hospital of the UN's Katanga military base, near the mouth of the Congo River. In secret, intimate conversations they hoped to resolve the explosive issues separating Tshombe's wealthy province from the impoverished rest of the Congo.

Adoula and Tshombe met for the first time in months Tuesday to make preliminary arrangements. They sat together on a couch for 20 minutes, laughing, swapping stories and slapping each other on the leg. In Elisabethville, the Katanga capital, there was a new flareup of fighting Tuesday. The UN said sniping by civilians and mercenaries had forced its troops to occupy several installations of the big Belgian mining company, the Union Minière de Haut Katanga, in central Elisabethville.

## NAMES IN NEWS

## Kennedy Sr. Improves After Stroke

President Kennedy's 73-year-old father was reported "somewhat improved" today in West Palm Beach.

The former ambassador to Britain, Joseph P. Kennedy, spent a good night, White House Press Secretary Pierre Salinger said.

There was still no decision, Salinger said, as to whether the president will go to Bermuda Thursday for his scheduled talks with Prime Minister Macmillan of Britain.

Prime Minister Diefenbaker said Tuesday he has accepted invitations to visit all four Scandinavian countries. No dates have been set.

Acting Secretary-General U Thant sent urgent appeals to Indonesia and The Netherlands Tuesday to seek a peaceful solution on Netherlands New Guinea.

U.S. Gov. George Pearkes said in a Christmas message Tuesday each citizen of British Columbia is responsible for establishing a charitable outlook that will destroy fear and war.

## Canadian Gun Runner Deported

BUFFALO, N.Y. (AP)—Federal authorities held one Canadian for federal grand jury action today and deported another in what they termed an apparent attempt to carry arms to anti-Castro Cuban rebels.

Border patrol officers said the men, Joseph W. Gardiner, 20, and David R. L. Corbin, 21, both of Toronto, were carrying two carbines, two machetes, two bayonets, a .38-calibre revolver and 108 rounds of ammunition. They were picked up Saturday in a routine check of a local bus station.

34 DROWN IN MISHAP SEUL (Reuters)—Thirty-four persons were drowned Tuesday night when a ferry capsized in heavy rains and sank off Wando Island, off the southwest coast of Korea, according to reports reaching here today. The reports said 18 persons swam to shore.

## WHITE CHRISTMAS ROUTES CLEAR FOR CITY SHOPPERS

Kelowna's White Christmas has been getting a good going over from city crews. Now, downtown streets and those adjacent to Shops Capri have been cleared of the recent heavy snowfalls.

City Council was determined to clear the way for the pre-Christmas shopping rush. And, by working all last night, 40 men, and a total of 23 pieces of city-owned and hired equipment have dealt the snow a death blow—until the next attack anyway.

## UN Assembly In Unity On Disarmament Talks

UNITED NATIONS (CP)—In a rare show of unanimity, the United Nations General Assembly today gave its approval to compromise plans to launch negotiations on both disarmament and the peaceful uses of space.

The two plans, previously adopted by the assembly's main political committee, were ratified without debate as the 104-nation body drove toward its Christmas recess deadline set for midnight.

Many delegates had declared during the long committee debate on disarmament that action to get the stalled negotiations going again was the major task before the assembly.

The deadlock was broken when U.S. delegate Adlai Stevenson and Soviet Delegate Valerian Zorin agreed that the negotiations should be carried on in a new 18-nation committee. The assembly added eight countries to the 10-member body which had tried unsuccessfully to work out a disarmament plan in Geneva.

The resolution urged resumed negotiations at the earliest possible time, with a report not later than next June 1.

## Jailed For Selling Book

ROCKVILLE, Md. (AP)—Samuel Yudin, a book store operator, was sentenced to six months imprisonment Tuesday on charges resulting from his sale of the Henry Miller novel Tropic of Cancer.

Yudin was convicted by a Montgomery County circuit court jury of violating Maryland's obscenity law. He gave notice of appeal and was freed under \$5,000 bond.

## Payment Balance Deficit Sinks To Lowest Since '54

OTTAWA (CP)—Canada's persistent balance-of-payments deficit shrank to \$80,000,000 in the third quarter of this year—the lowest since 1954—due to a \$120,000,000 surplus on merchandise trade.

The Dominion Bureau of Statistics reported today that the merchandise trade surplus during the July-September quarter was the largest for the period since 1946. The corresponding period of 1960 had a merchandise surplus of \$82,000,000.

However, the country's traditional payments deficit on non-merchandise transactions—so-called "invisible" such as tourist spending, interest and dividend payments and freight costs—totaled \$200,000,000 in the third quarter. A year earlier the deficit on invisible was \$204,000,000.

## EXPORTS RISE

The reduction was due entirely to the improvement in the merchandise trade picture. Exports for the nine months rose by \$244,000,000 from a year earlier to \$4,250,000,000 while imports increased by only \$12,000,000 to \$4,167,000,000.

## Vernon Man Admits Guilt

VERNON (Staff)—A second man today pleaded guilty to a charge of breaking, entering and theft at Vernon Motors Ltd. Dec. 14.

Thomas R. Gillis surrendered to police last night. Earlier, August Anderson pleaded guilty to the charge. Both men are alleged to have taken two automobiles and an undisclosed amount of cash from the automobile firm.

The cars were later recovered one near Vernon Military Camp, the other near Kelowna at Reid's Corner. Anderson has been remanded in custody until Dec. 23. Gillis remained on bail until Dec. 27.

## Columbia Benefits Key To \$341m. Proposals

WASHINGTON (CP)—President Kennedy is ready to consider plans for a \$341,600,000 long-distance, high-voltage power transmission network if Canada should agree to export a major part of her Columbia River power benefits to the United States.

But even if Canada should decide against exports, the Kennedy administration agreed Tuesday to take initial steps to reshape the power picture on the Pacific coast through development of one or two high-power transmission lines running about 1,000 miles down the coast from just below the Canadian border to Los Angeles.

These would be the longest direct—current, high-voltage lines known in the free world and, if successful, could be applied in other parts of the continent to overcome power shortages and stimulate industrial development.

But the advent of long-distance power transport may slow the rate of growth of the American market for oil and natural gas used to generate electricity in areas where hydro is scarce or unavailable.

## Link Up With Alaska

If only public utilities on the Pacific coast decide to use the common power carrier, one line estimated to cost \$136,000,000 might be installed. There would be two lines if private utilities decide to join in the project.

If Canada decided to export, say 900,000 of the 1,300,000 kilowatts of power she would get from the Columbia, then three lines would be installed at a total cost of \$341,600,000.

Linked with this proposed construction would be eventual transmission into the U.S. mainland of a huge block of power from Alaska.

## COULD MAKE DEAL

Udall told a press conference he believed arrangements could be worked out with the Canadian government for "cessation" of power through Canada if this should be necessary.

Alternatively, a deal might be worked out to turn Alaska power over to Canada in exchange for Canadian power which could be used in the U.S. American officials said economic long-line power transmission enlarges market prospects for surplus Canadian power if Canada should decide on exports. It may also enhance prospects for obtaining attractive prices for power. Premier Bennett of British Columbia, who has been campaigning vigorously for power exports, maintains he can get a fat five mills a kilowatt hour from the U.S. for surplus power. American officials have stated his figure is high but suggested some suitable compromise could be worked out.

But American officials said long-distance transmission would not be economical if power was shipped for only a few years. If Canada decided to take advantage of the long-distance lines, the power would have to be provided for long-term periods—for at least 20 years or more. The Canadian government has expressed opposition to long-term sales.

## U.S. Supports UN Because...

LOS ANGELES (AP)—State Undersecretary George W. Ball says the United States supports United Nations action in the Congo because:

"We wish to insulate the African continent from the kind of military intervention by the Soviet bloc that has created such problems in other parts of the world."

The U.S. wants to avoid creation in Africa of another Korea or Laos, Ball told a town hall meeting Tuesday night in what was described by state department experts as a major policy speech.

## Paris Police 'Brutal'

PARIS (Reuters)—The left-wing and Communist press complained today of police brutality in breaking up Tuesday's anti-extremist demonstrations here in which 140 persons, including 40 policemen, were injured.

Thousands of demonstrators defied a police ban when they attempted to march from the Place Bastille to the town hall. They carried banners reading, "Fascism shall not pass" and "No to the war in Algeria."

## Sukarno Sends JFK Letter

JAKARTA—President Sukarno of Indonesia today sent a new letter to President Kennedy as his island country continued military preparations aimed at wresting West New Guinea from The Netherlands.

PRINCELY SALUTE

One of the last duties before he left Tanganyika after handing over full independence to Prime Minister Nyerere, was Prince Philip's inspection of a guard of honor at Dar Es Salaam's airport. He is seen here saluting the smartly arrayed African troops, and is escorted by a British officer, one of the many who will continue to command the newly independent nation's armed forces.

Top echelon conferences on the possibility of negotiations on the Berlin crisis were held in Paris. Here are three of the central figures; left to right: Lord Home, British Foreign Secretary, Dean Rusk, U.S. Secretary of State, and Gerhard Schroeder, West Germany's Foreign Minister.

## Dutch Vs. Sukarno Row Brewing For Decade

Indonesian determination to take over Dutch-held West New Guinea, brought to a pitch in a Sukarno Tuesday, has been building up for more than a decade. The territory has been claimed since Indonesia became independent from The Netherlands in 1949 and Sukarno made his first demand for an immediate handover of the territory which Indonesia calls West Irian—in 1950.

The issue has drifted through successive crises culminating with the takeover of Dutch properties in Indonesia, Indonesian commando infiltrations of the West New Guinea coast and a big Indonesian arms buildup mainly with Soviet bloc arms. Indonesia has made frequent

appeals to the United Nations to set up talks with the Dutch but these have failed to get a two-thirds majority.

The dispute centres around the first two articles of the 1949 Hague joint agreement which transferred sovereignty over the former Dutch East Indies to Indonesia.

Article one says that sovereignty is to be transferred "over to Indonesia." A former agreement had defined "Indonesia" as all former Dutch-held territory.

But article two says that because of the widely divergent views of the two countries over West New Guinea the status quo should be maintained in that territory and further negotiations were to take place within a year.

There never have been any negotiations and Dutch-Indonesian relations have continued to deteriorate.

With an area of 160,000 square miles, West New Guinea forms part of the world's second-biggest island. Most of it is a dense, steamy jungle, one of the least explored areas of the world.

**MOSTLY NATIVES** West New Guinea has a population of about 700,000, mostly natives of the Papua tribe. Hundreds of other isolated tribes, each with its own language, live in more remote areas.

The Dutch East India Company, which in 1602 acquired a commercial monopoly for the area, was the first to lay claim on West New Guinea. The Kingdom of The Netherlands, the company's successor, introduced regular administration.

The land is rich in mineral resources with deposits of gold, tin and precious stones. Rich deposits of nickel and cobalt were discovered there five years ago.

The rest of the island is controlled by Australia, partly under a UN trusteeship, partly under a direct mandate.

### PERKY CALLED FOR SUCCOUR

ADA, Kan. (AP)—Dr. and Mrs. Charles Wormser were awakened the other night by shrieks from their parakeet, Perky, in the living room. "Charley, come here," Perky was screaming.

Wormser said he jumped out of bed and found a mouse chasing Perky around the cage, yanking feathers from the parakeet's tail. The mouse fled. The Wormsers put five traps around Perky's cage and caught the varmint.

## Prairies In Deep Freeze And No Sign Of Let-Up

EDMONTON (CP)—Old man winter today continued to give the Prairies the deep - freeze treatment.

While temperatures were expected to climb above zero in some western Alberta centres for the first time since Saturday morning, increasing winds will nullify much of the benefit of the warming temperatures.

General throughout western Alberta, temperatures Tuesday night ranged about 10 degrees warmer than 24 hours earlier, but all except Lethbridge recorded readings well below zero.

Lethbridge climbed to zero

also reported. While a slow recovery from the bitter cold was reported in southwestern Alberta, other parts of the Prairie and the Yukon Territories reported no letup on the bitter cold.

In the Yukon, temperatures ranged to a low of 60 below at Snag, 36 below at Whitehorse and 51 below at Alshilik.

To the southeast, Fort Nelson, B.C., Fort St. John, B.C., and Grande Prairie, Alta., recorded temperatures of 39 below, 23 below and 21 below.

## Canada's Capital Flows At \$8m. Rate In Oct.

OTTAWA (CP)—Canada had a capital outflow of \$8,700,000 from international trade during October in outstanding stocks, bonds and other securities, the Dominion Bureau of Statistics reported today.

There were net sales by Canadians of \$700,000 in outstanding Canadian securities to foreign investors, offset by net purchases by Canadians of \$9,400,000 in outstanding foreign securities.

The figures do not include sales of Canadian treasury bills to non-residents, who increased their holdings of these by \$3,000,000 during October.

Main feature of trade in outstanding Canadian securities was a \$13,000,000 increase in United States holdings of outstanding Canadian stocks. It was the 21st consecutive month in which U.S. investors have added to their holdings through purchase of outstanding stock issues.

The \$9,400,000 in net purchases of outstanding foreign securities exceeded the net sales of these in the first nine months of the year. Canadian holdings of U.S. stocks increased by more than \$10,000,000 in October.

Transactions in October in both Canadian and foreign issues produced a capital outflow

### TODAY'S STOCK QUOTATIONS

**TORONTO (CP)**—The stock market was irregularly lower during moderate morning trade today.

Losses were fractional and hit most key index stocks while the industrial board itself saw more gains than losses.

Biggest loss of the morning went to Dupont of Canada, down ½. Calgary Power dropped ½ as did Distillers-Seagrams. Bell Telephone was off ¼, as were Abitibi, Dominion Stores, International Nickel and Shawinigan.

Famous Players moved ahead ¼, while gains of ½ went to Industrial Acceptance, Royal Bank and Alcan. Algonia advanced ¾.

On the exchange index, Industrials dropped .58 at 609.48, base metals .05 at 212.45. Gains were ahead .25 at 89.36 and western oils .34 at 114.58.

## ONCE OVER LIGHTLY

By DAVE SHEPHERD

Everyone has a Christmas story and we are no exception in the newspaper business.

Christmas to us is a special occasion of the year when we think of the fireside, roasting chestnuts, eating turkey, wishing everyone in the world was as fortunate, and doing none of these things the way we plan them.

Social obligations prevent the close-to-the-fireside time. Social obligations make us eat turkey till it's coming out of our ears and, despite all our cozy thoughts about other less fortunate people, such people tragically, exist.

It isn't that we don't like turkey, for its a fine meal. But, by the time New Years comes, a beef steak or roast is a most delicious repast.

And thoughts of those people in other lands sort of makes one realize that "there but for the Grace of God am I." This realization in itself is enough to make one thank the Creator for our good fortune.

When one stops for a moment to think that there is plenty of land, plenty of food and plenty of brotherly love in this world for everyone, one wonders why then, is this not so?

We believe it's because people don't like sharing land with "foreigners"; they don't like sharing food with them either, unless there is pay; and there isn't enough brotherly love to go around. In one word, "selfishness" is what we mean.

We have never subscribed to going to church at Easter and at Christmas "because you should go at that time."

We would rather respect a person who believes and doesn't go at all to one who goes because "you should go at that time" or who practices Christianity on Sunday and special occasions only, leaving the remaining days of the week in which to freely practice worldly pursuits.

It matters little whether people agree with this or not, for we are merely stating our opinion, an opinion however, shared by many others.

The best thing about Christmas though, is the music. No one can dislike or ignore the beautiful carols, organ music, orchestral and choral works composed for us by inspired men in days past.

One can never ignore the fact that Christmas is the celebration of the birth of the greatest man ever to walk on earth. If only the world followed in His footsteps what a Utopia would be ours.

Christmas was never meant to be a time of gluttony and, its most modern meaning, a time of over-indulgence in alcohol. Alcohol is the basic evil which turns a Christian celebration into a national slaughter.

We would rather shake a man's hand, wish him well, and even give him a small gift than fill him with booze in the mistaken belief that by so doing we are showing friendship.

This isn't a jaded or cynical opinion of Christmas, it is just one gleaned over years of celebration.

In the meantime then, we wish all a Merry Christmas, a Christian Christmas and "Peace on Earth, Goodwill Toward Men".

## Telephone Company Had Started Investigation Into Westbank Problem

Okanagan Telephone Company told a recent C. of C. delegation to Vernon it had already begun investigation of the elimination of tolls between the city and Westbank, according to a report last night.

Westbank Chamber of Commerce told Kelowna Chamber last Wednesday they wanted Westbank on a par with the other direct dialing areas in Kelowna and district, particularly since Westbank was much closer to the city than some.

Kelowna Chamber of Commerce chairman R. H. Wilson told members in a discussion about the proposal to include the west side of the lake subscribers in the city service. It was indicated the phone company was exploring the situation long before an objection to tolls was raised by the Westbank Chamber of Commerce.

**MEETING SET**  
A meeting with the Westbank group and the phone company has been arranged for 10 a.m. Thursday.  
Mr. Wilson said it was pointed out that several of the Westbank objections didn't hold water including one point that Westbank is closer than some of the areas already including in the city dialing. He said those areas were operating from their own exchange stations.

He said it was also indicated in a sample month (October) 45 per cent of the Westbank phone bills were less than \$1 a month on the long distance toll system. "If tolls were eliminated, bills would be higher." Highest business phone bill was \$19.

**FAR-FETCHED**  
Another Westbank objection that potential business was being harmed by having to use long distance tolls was labelled "a little far-fetched," according to Mr. Wilson.

He said the Okanagan Telephone Company was "most cooperative and obliging" in the discussion of the Westbank problem and added it wasn't inconceivable Westbank might eventually become part of Kelowna.

## Christmas Shopping Now in Full Swing

Christmas shopping is in full swing in local stores and was particularly so last weekend.

In some quarters, however, managers are finding the inclement weather is keeping potential spenders at home until it lets up a little.

But in most cases, crowds

wended their way storeward to buy toys, clothes, gifts and such. Restaurants were busy serving coffee to weary shoppers and business in the pubs and cocktail bars apparently picked itself up out of the winter doldrums.

Several of the department store's managers said they'd been busy in the past eight or nine days. A candy store manager said his volume sales had increased slightly this year after a slow start. Particularly popular for out-of-town gifts have been boxes of apple candy.

A sporting goods store reported business on a par with last year and fairly good all along since the beginning of Christmas shopping season.

One of the beauty salons reported it was "booked up solidly" between now and the big day.

**DATE INDEFINITE**  
Next meeting of the C. of C. will be held in January but no date was definitely set at this week's meeting.

**AMERICAN ANNUAL**  
Two members of the local Chamber of Commerce will attend the annual meeting of the Wenatchee Chamber of Commerce to be held January 13.

**IRONING NYLON**  
A nylon fabric may be ironed damp or dry with a moderately warm iron, about 275 degrees.

### TRAFFIC, POLICE COURT NEWS

## Wintery Weather Cause Of Minor City Accidents

A minor accident Monday morning at Ethel St. and Bernard Ave. resulted in about \$450 damage RCMP have estimated.

No one was injured in the two-car collision and no charges are pending.

Driver of one car, Mrs. Rosemary Joan Gauthier, Leon Ave. was cutting across the intersection when due to the extremely slippery conditions, a second car driven by Karoly Ramm, Burne Ave. struck her car according to police.

**POLICE COURT**  
In police court Tuesday Leonard Alan Welder, Lawson Ave., pleaded guilty to driving in the wrong lane after his car and a truck were in collision Monday morning in Bankhead. He was fined \$20 and costs.

Also in court yesterday, Richard Stewart Jr. of Kelowna was fined \$20 and costs for failing to yield the right of way in p.m.

### CGIT Members To Present Service

The dozen CGIT members of First Baptist Church will conduct the entire Sunday evening candlelight service at the church Dec. 24.

The girls will present a Christmas fantasy called "The Angels and Archangels", an oral story and Miss Sharon Locke will read a Christmas story called "The Messenger". There will be a candlelight procession and carol singing. The service begins at 7:20 p.m.

Eric Charles Graf, Mills Rd. was fined \$25 and costs after he pleaded guilty to hitting a parked car with his vehicle on Richter St. last week. Case was heard in traffic court Wednesday morning.

**ACCIDENT TOLL**  
Extremely icy road conditions Tuesday afternoon caused a minor three-car rear end collision at Harvey Ave. and Richter St. but damage was just over \$100 to all three. RCMP reported this morning. Drivers of the car, all from Kelowna, were Douglas Sutherland, Keith Hough and J. Sherlock. No one was injured.

**DOING BEST**  
Chamber of Commerce last night commended the Department of Highways for "doing the very best it can" in keeping the side roads around Kelowna clear.

## Chamber To Probe Phone Rate Boost

### Special Committee Formed - Plan To Prepare Brief

A committee of three Chamber of Commerce members will investigate the proposed increase in Kelowna telephone tariffs, particularly business phone rates.

Planning to prepare a brief if warranted and present it to the Public Utilities Commission, the committee will include J. B. Smith, Norman Mullins and C. E. R. Bazett.

Mr. Smith told the executive Tuesday night the chamber would be "deterred in its duty" if it didn't concern itself with the proposed hike in business phone rates particularly since 50 per cent of the C. of C. members would have a phone bill increase if Okanagan Telephone Company proposals are ratified.

The PUC is scheduled to have a meeting in February. Arthur Jackson told executive City of Kelowna decided last week they would not prepare a brief opposing the telephone company's proposal to the PUC.

## B.C. Court Dismisses Kelowna IWA Appeal

British Columbia Court of Appeal recently dismissed an appeal by the Kelowna IWA Local 1-423 to have a millworker reinstated after more than a year of arbitration between S & K Limited and the Union.

Following the dismissal of the employee in August, 1960, a dispute arose over the matter between plant management and the IWA which finally went to an arbitration board held here in February with management and union representatives and a Labor Board appointed as chairman.

The arbitration board by two-thirds majority subsequently held the millworker should not have been dismissed because management didn't show just and proper cause.

**FORCED TO PROVE**  
S & K took the matter before Mr. Justice Sullivan of the B.C. Supreme Court who set aside the arbitration board decision when it was pointed out the company had been forced to prove its case beyond a reasonable doubt which is not required in a civil case.

IWA then applied to the Court of Appeal which in summary indicated the arbitration board

### Saving In Accident Prevention

Figures revealed at a recent meeting with the Workmen's Compensation Board and representatives of fruit and vegetable packing plants indicated accident prevention campaigns in the industry had resulted in a \$14,000 savings in the past five years.

Fifty members met with E. V. Ablett of the Board to discuss compensation in the packing house industry in central B.C.

A statement handed to each showed his operation's total assessments paid to the Board and the total claims paid on behalf of his employees by the Board over the past 11 years.

**RESULT IN SAVING**  
Schedules disclosed whereas total claims of some houses were as low as 13 cents per dollar assessment, claims paid on behalf of others ran as high as \$1.00 per dollar. The figure also revealed the campaign for accident prevention and against abuse of the basic principles of the compensation act had resulted in the saving indicated.

As a result of the talks, Okanagan Federated Shippers Association said it will intensify its campaign for safety measures and for more accurate reporting of accidents, incidents and industrial disease in their operations.

Representatives of canning and lumber industries were present.

### CANADIAN LEGION COMPLETES EXECUTIVE-NINE NEW MEMBERS

Kelowna's Royal Canadian Legion named nine members to its executive Tuesday night.

Elected by acclamation to the directorate were: Paul Kish, Joe Fisher, Vivian McHarg, Joe Schmidt, Norm Hilborn, Jim Braniff, Charles Howard, Jack Appleton and Cec. Langton.

Appointment of the nine new members completes the executive for the 1962 season. There will be no further elections.

Others on the executive include President Art Gordon, first vice-president Harold Whitehouse and second vice-president Colie Campbell.

## KELOWNA STREETS ARE CLEAN

The City of Kelowna has done its utmost to keep the city streets, particularly those in the shopping areas, clean of snow. The downtown streets and those adjacent to the Shop Capri area are now entirely free and traffic can flow normally.

The snowfall has been unusually heavy and taxed the city public works department to the limit. All Tuesday night 25 pieces of equipment worked to make the streets passable. There were 19 city-owned plows, sanders, loaders and trucks in use and 6 additional units were hired. In all almost 40 men were employed during the night.

The city has taken this step because it appreciates that there are only three shopping days left before Christmas. In doing so, it has endeavored to serve the retail merchants of the city and, equally important, the residents of both the city and rural areas who have shopping still to do.

**All persons may shop in Kelowna in complete confidence that the streets are entirely free from snow and that they will have no driving difficulties.**

If our efforts prove beneficial to both merchants and shoppers, our efforts will have been rewarded.

THE CITY OF KELOWNA

### A CATHOLIC SCHOOL PLAY

One of many Christmas skits put on by the students of St. Joseph's and Immaculate High School Sunday and Monday at St. Joseph's Hall is the one above. Grade six students Alen Demegrie as Mary and Gordon Bennett as Joseph are shown here during one of the nativity scenes. (Courier Staff Photo)

## Is Mr. Nehru Changing His Character?

The most interesting point about the affair between India and Portugal about Goa and the other Portuguese territories along the coast of India is the apparent change of attitude on the part of Prime Minister Nehru of India.

Mr. Nehru has long been known for the soft approach. For the determination to avoid conflict at all costs. Time after time in the United Nations he has been the acknowledged leader of the middle group, striving to avoid an outright break between the two major groups. He has been, almost, a pacifist.

But, now, recent events would suggest that Mr. Nehru has changed his thinking. There is his affair with Red China and his affair with Portugal.

From where we sit, the Goa affair is puzzling. There appears to be no good reason for the Indian invasion. Portugal has held these ports for over 400 years. True, they are part of the Indian peninsula, but nevertheless, they have been Portuguese for centuries. They are small and insignificant. Indeed, probably most people did not realize until they read the headlines that Portugal actually had some colonies on the Indian coast.

But Mr. Nehru covets them. This is strange. India is a large country indeed with many problems. The addition of these small areas to India could make no difference, could be of no advantage.

The only possible excuse—not reason—for the action of India could be simply that India desires these territories for no other reason than she wants no other nation to have even a small toehold on the Indian peninsula. A very poor excuse for going to war indeed. And particularly strange when the motivating force is Mr. Nehru, the Great Peacemaker.

Another affair which makes one wonder if Mr. Nehru is changing his character is the affair with Red China. Here it would seem that India has every justification for annoyance. Red China is apparently the aggressor and has occupied small portions of territory on the northern boundary of India. The occupied land would appear to be of small value yet Mr. Nehru has frankly stated he is prepared to go to war against Red China over it. Strange for a man of peace such as Mr. Nehru has been.

All of this makes one wonder. Has Mr. Nehru decided his country is now in a position of strength? Has Mr. Nehru decided the soft answer is not always an effective answer? Has Mr. Nehru come to realize that there comes a time beyond which you cannot retreat? Do present events foreshadow greater and more distressing events.

Indeed, which is the true face of Mr. Nehru: the man of peace or the invader of Goa?

## Christmas Comes But...

Joy with tenderness, jubilation with solemnity are the ingredients of the celebration of the Feast of Christmas for millions of people the world over. They observe the Divine birthday with special feelings of friendliness, special evidence of good will and special little festivals at home. The happy and the well do what they can to bring cheer and brightness to homes where the sad and the ailing are in need.

No one thinks of havoc, disaster or heartbreak at Christmas. There seems to be no place for such thoughts amid the excitement and glitter of the festive time. But it is that excitement and glitter—the effervescence of Christmas—that can dim the caution needed most at holiday time by the motorist and the pedestrian.

The person who drives can be happy and joyful, but he must be al-

ways alert. The person who walks can enter the spirit of Christmas but he must be always cautious. There will be drivers whose judgment and sense are diverted by Yuletide celebrating, and walkers who become caught up in the merriment of the Feast and take incautious steps.

A single moment of inattention can bring disaster to an entire family and circle of friends and ruin the spirit of this Christmas and Christmases to come. An over-exuberant instant while walking can banish joy from the lives of scores of people and replace it with unending heartbreak.

Christmas is a festival of rejoicing. No one has the right to make it a pagan revel or a personal triumph.

Unselfishness, thoughtfulness and consideration of others can make Christmas the most joyful time of the year, as it should be.

THE CHECK-IN COUNTER

### REPORT FROM THE U.K.

## British Railroads Gird for Rush

By M. MCINTYRE HOOD  
Special London (Eng.)  
Correspondent  
For The Daily Courier

LONDON—During the whole of this week leading up to Christmas, hundreds of extra trains will be running on the British Railways to accommodate the hundreds of thousands, possibly running into millions, who will be travelling in advance of the holiday weekend. But on Sunday and Christmas Eve, and on Christmas Day, hundreds of railway stations all over the country will be closed, and there will be only a skeleton railway service.

This is the plan announced

by British Railways. Its officials are working on the theory that the great bulk of the Christmas railway traffic will be over by Saturday night, and that on Sunday and Monday there will be very few people travelling. In keeping with British traditions, the vast majority of people will be making it a day at home with their families. There will be little need for trains, so thousands of railway workers will be able to have a family day, too.

In the southern region, arrangements have been made to run 170 extra trains on the days immediately prior to Christmas Eve. These have been carefully planned to fit into the Southern Region's standard schedule—the most intensive in the world—of 7,000 trains a day. Most of them have been squeezed into the time tables for Friday of this week. On that day there will be 61 extra main line trains

and an extra sailing of the ferry steamer from Dover to Boulogne. On Saturday, there will be 28 main line extras.

There will be the normal greatly reduced Sunday service on Christmas Eve, but on Christmas Day only a very sparse main line service. There will be suburban line trains at two hour intervals, on some lines there will be no trains after 2 p.m., and there will be no night ferry train in either direction between London, Brussels and Paris. Nearly 200 stations and halts, most of them on 41 branch lines, will be closed for the day.

But on Boxing Day, which is basically a normal Sunday service, there will be 64 extra trains to cope with returning holiday-makers, with a special electric train service to take racegoers to the Kempton Park races.

### BIBLE BRIEFS

While he was yet a boy Josiah began to seek the God of David his father.—II Chronicles 34:3. Childhood faith can be both strong and persevering. Every home should be a nursery for God. But parents with a lukewarm religion are not equipped to implant a fervent faith in children.

### OTTAWA REPORT

## About NATO Lost Cause

Third of a Series

By PATRICK NICHOLSON  
The failure of the United Nations to fulfil a war-weary world's hope for security led directly to the Canada proposal for regional defensive pacts. Thus the North Atlantic Treaty Organization was created as a partnership of the free nations surrounding the basin of that ocean.

It was commended by CCF Leader M. J. Coldwell as "a defensive instrument made necessary by the failure of the UN Security Council to give the protection against aggression which we had the right to expect."

But NATO is not just another military alliance. In several ways it is unprecedented, especially through Canada's conviction that no such association could ensure unwavering allegiance and costly support through a long Cold War, unless it also actively contributed to the social and economic betterment of its people.

### THE CANADIAN CLAUSE

Thus at Canada's suggestion and insistence the treaty included the now famous Article Two, whereby the allies agreed to co-ordinate their policies as true partners in the non-military fields as well as on the battlefield. This far-sighted provision was the brain-child of Lester Pearson. His intent was clearly described in his speech at Hamilton on NATO's first birthday.

"Our North Atlantic alliance may provide the foundation for a great co-operative economic Commonwealth of the Western World, which may one day become a political Commonwealth. You may say that this is unrealistic nonsense, but I suggest that in this atomic age vision less than this will do."

Thus Mr. Pearson extended to include North America the post-war exhortation of Winston Churchill, who asserted: "We must build a kind of United States of Europe." That dream was dreamed by Charlemagne; more recently Napoleon vividly warned: "Though speaking several tongues, Europe must become a single state within 100 years, or it will be overrun by Cossacks."

Europeans contrasted their own war graves and their own costly and crippling tariff walls with the near-century of peace and prosperity enjoyed within the larger, equally multi-racial, but tariff-free area of the U.S.A. They were fired by Pearson's practical suggestion to implement Churchill's admonition.

But time flitted and Russia did not; Canada proved a shy apostle, Britain and U.S.A. un-

veloped as a military alliance only, whilst "article two" was praised, but shunned. In fact so little has NATO developed into a political Commonwealth that it is still controlled by the sporadic Council of Ministers, in which each country has that same power of veto which has crippled the Security Council. As a result, NATO has floundered; in 1954 it even nearly fell apart.

But the Europeans appreciated the opportunities latent in the "Canadian Clause." Sensing trans-Atlantic disinterestedness, they went ahead on their own. First they experimented with supranational organizations for co-operation in specialized trading fields; then they created the European Economic Community to bind six nations of Western Europe into a single integrated economy, enjoying a common market to be freed of internal tariff walls.

Thus Mr. Pearson's "Commonwealth of the Western World" has developed as a willing convert. NATO was flourishing "Commonwealth of Western Europe" excluding Canada.

Where did the NATO concept take the wrong turning? Partly in its essential early emphasis on defence; more importantly, perhaps, because ageing statesmen and ageing bureaucrats cannot readily discard aged prejudices and habits. They have been unable to deny their daily practice and call up a new political creativity to design a new democratic form of supra-sovereignty.

An increasing number of thinking people now agree with Mr. Gordon Churchill that "Some form of political union between the members of the great NATO coalition seems essential."

## who cares?

A laughing freckle-faced boy... a young wife concerned with her coming child... an elderly couple who understand a lifetime—a dentist sees a world every day of his life. He alone knows the satisfaction he enjoys in caring for these people.

What more can life's goal be but a concern for your fellow man... the desire to care in a positive way: by healing and preventing disease. And for his efforts, his concern, his time, he is properly rewarded. He receives the due respect of his community, a unique satisfaction, and a well-earned income.

There are hundreds of British Columbians who respect, need, and want the help a dentist can offer. Are you prepared to meet the challenge of a little boy, a young wife, or a wise old man? If so, write now for our informative booklet, *Dentistry As A Career*.

## In Passing

"Poverty, if it isn't extreme, is a blessing," says a preacher. If so, it must be the best disguised and camouflaged of all blessings.

"Do you want to get rid of your red nose?" — Catchline of ad. No, thanks. We need it to help hold our glasses on.

"Way sought to Provide Walkways on Highways."—Headline. It is assumed such walkways are being burned by two classes of people: Those who want to live dangerously, and these who wish to die violently.

"One Man Slightly Hurt in 14 Traffic Mishaps."—Wichita Falls (Tex.) Record News. Man may yet manage somehow to survive the automobile.

"Castro says he has been a Communist ever since his revolution days, and will be one until he dies."—News item. There are probably quite a few people who hope he won't be a Communist much longer.

"Many people's driving habits reflect kindergarten personalities," says a traffic engineer. That statement is flattering to quite a number of drivers whose personality patterns are infantile.

Most of the many divorces among celebrities are caused by the clashing of two colossal egos.

"Five prisoners escaped from the state farm at Vandalia, Ill., while a movie in which Jerry Lewis is starred was being shown."—News item. It might seem they were within their rights in escaping illegal "cruel and unusual punishment."

### INSIDE YOU AND YOURS

## Itch, Faith, Jelly, etc.

By BURTON H. FERN, M.D.

Dear Doctor: I have an itch. Sometimes it's real bad. What should I do?

Mrs. T. T. Scratch and scab—to the nearest doctor, who can find out when, where, how what and why. Meanwhile, calamine lotion may help.

Dear Doctor: I've been told to drink the juice from half a lemon in a glass of water each morning to help my arthritis. Will orange juice and grapefruit work as well?

Mrs. D. H. Dear Mrs. H.: With faith and fruit, who knows what wonders to expect? After a month of so, let's hear what you think about this citrus cure—and we'll tell everyone else!

LIKE GELATIN? Dear Doctor: Is calves-foot jelly the same as gelatin?

Mr. C. S. Dear Mr. S.: Calves-foot jelly is one kind of gelatin—and protein made by boiling animal bones, skin, hoofs and other tissue. Gelatin lacks wheat's rich supply of certain essential building blocks, but with toast or cereal, calves-foot jelly helps make you strong as an ox.

Dear Doctor: I'm 73. Why should my bladder continually empty itself when I stand?

Mr. J. A. Dear Mr. A.: A swollen prostate gland can push the outlet part way up the front of the funnel-shaped bladder and weaken muscular control. When you stand, the outlet works like a bathtub overflow, emptying any fluid above its level. Ask your doctor about a urology specialist or clinic.

CAN'T CONCENTRATE Dear Doctor: After many tests to discover why I can't seem to concentrate, my doctor discovered fast brain waves (electro-encephalogram).

Can any medicine slow them?

Miss D. S. Dear Miss S.: Many medicines—from soothing tranquilizers to hopped-up Benzadrine (R) including drugs like Dilantin (R) and Meconol (R). Hurricane-like brain waves can be a red herring. If you're

## Infamous Headquarters Now A Problem To West Berlin

BERLIN (AP) — The wind tence is due in December. The ground floor is the only sign of whistles through a broken win- charge: He was in charge of life. It is a beer stuble where dow in the huge stone building on the Kurfuerstenstrasse in community responsible to him. It is not the busiest saloon in West Berlin.

It stirs up a bit of dust, re- mains of bomb rubble. And it stirs up an occasional roost of pigeons which flutter to a more sheltered corner.

The building is five storeys high, the only structure of any size on the street to survive allied bombing and Russian shell- ing—if you can call it "surviving."

No one may enter the main section now. The Berlin police forbid it as a matter of safety.

### NOTHING PRETTY

There's nothing pretty about the building. And there's nothing pretty about its history. This was headquarters for the Third Reich's Gestapo bureau IV-B4. The chief was Ober- steurmannfuhrer Adolf Eich- mann. His job: To liquidate the Jews.

This is the same Eichmann who hid out in Argentina, was captured and kidnapped by the Israelis, stood trial in Jerusa- lem and awaits judgment. Sen-

### BERLINERS FORGET

Berliners go past the building now without much of a thought.

They're concerned enough about the Russians and the East German Communists, much more real to them than something that happened years ago.

The infamous headquarters now is held in trust. The city of West Berlin doesn't quite know what to do with it, nor does the surviving Jewish com- munity. The expense of restor- ing it would be monumental.

In one tiny corner of the

The property undoubtedly has great value but lying in the old Tiergarten district, once the diplomatic quarter, it lacks attraction now because of the big investment that would be re- quired. Should the Berlin prob- lem ever be satisfactorily solved, Kurfuerstenstrasse would be an immediate target for the constructors and build- ers.

## Charming Shower For Westbank Bride-To-Be

About forty-five friends gathered Thursday evening, Dec- ember 14th to honor bride-elect Miss Ella Wetton at a miscel- laneous shower at the home of Mrs. Lorne Dobbin.

The bride-elect's chair was decorated with pink and white streamers and bells. Assisting the bride-elect, who graduated from George Pringle High School in 1959, in opening the numerous gifts, and they were numerous, as quite a number did not attend owing to road conditions, but sent gifts, were her sister Bertha, brides- maid-elect, and her mother Mrs. W. E. Wetton.

Ella thanked her many friends, which included num- erous school chums, for their kindness.

Hostess for the evening was Mrs. Lorne Dobbin, assisted by her many close friends.

The marriage of Miss Ella Doreen Wetton and Mr. Gerald Angus Ingram will be solemn- ized Saturday, December 23rd in First United Church, Kel- owna at 7 o'clock.

### FAVOR INTEGRATION

HUSTON, Tex. (AP)—Rice University students have voted in favor of integrating the pri- vately - endowed, all - white school. In an election sponsored by the student assembly Mon- day, the vote was 894 for and 476 against a resolution stating that "no restrictions based solely on race should be exer- cised in admission policy or in use of facilities."

## E. Kelowna Women's Institute Reviews Past Year's Activities

Speaking of the past year's work the president expressed her thanks to all the members for their help and co-opera- tion. A report on the sick and visiting was given and the pre- sident thanked the members for a gift which was sent her while she was in hospital.

The secretary was request- ed to contact several firms for the price of wool, and items were read from the W.I. News Letter including best wishes for a happy Christmas from Mrs. L. Partington, president of the B.C.W.I., saying: "By the time the message is received every- one will be busy with Christ- mas preparations. At this time of year there is always the urge to remember everyone, to give of ourselves, our coun- try, and our talents to the ut- most, which is only natural when one thinks of the great- est gift of all times. We have so much to share. W. I. mem- bers will I know remember the sick and needy. It is not al- ways the so costly things that give joy but more often the kindly things we do."

A donation was sent to the March of Dimes, and the Pre- sident expressed her thanks on behalf of the members to Mr. R. A. Widmeyer who very kindly audits the books.

Officers who served last year were returned by acclama- tion. They are: president, Mrs. F. Means; vice-president, Mrs. D. Evans; secretary, Mrs. G. MacDonnell; director, Mrs. E. Steinke.

The annual meeting of the Women's Institute was held on Tuesday last in the Commu- nity Hall of East Kelowna with the president presiding.

The meeting opened with the collect of the A.C.W.V.; the minutes were read, includ- ing those of the last annual meeting, by the secretary, and the financial statement for the past year was given.

The secretary gave a very interesting report of the ac- tivities of the Institute for the past year which included all donations, knitted garments and layettes which had been sent to the Unitarian Service Committee, and the gifts which were sent to the Mental Health Association for their Christmas parties. Altogether the past year has been a very busy and successful one for the W.I. members.

Mrs. E. Steinke, agriculture convener, reported on the plant and bulb sales which was a very successful event, and in- cluded in the correspondence was a letter from the Mental Health Association, expressing thanks for donations received and a very interesting one from an orphanage in Italy ex- pressing their thanks for a parcel received from the W.I. members through "Care".

The member's New Year's party was arranged for Tues- day, January 9th at the home of Mrs. D. Evans, when there will be an exchange of gifts following the usual monthly meeting.

Afternoon tea was then serv- ed by the hostesses Mrs. W. Fairweather and Mrs. W. Mur- rell.

Correction of East Kelowna correspondent's report in Wed- nesday's paper.

Officers in the Scout and Cub Group Committee are: presi- dent, Mrs. Rex Fitz-Gerald; secretary, Mrs. C. Wilson; treas- urer, Mrs. R. Rampone; equipment, Mrs. C. dePyffer; and transportation, Mr. Les Evans.

## CHRISTMAS GIFT SUGGESTION

By TRACY ADRIAN

Jewelry, always a happy choice for the important ladies on your Christmas list, is shown in this set in all its brilliant beauty. The fine gems in both the pin and ear- rings are man-made star sapphires. The jewels are produced chemically and are only a fraction of the cost of

those achieved over the years by Mother Nature. The brooch has one large star and four smaller stars and is set in 18 karat gold. The match- ing earrings also feature a large sapphire with four smaller stones. Approximat- ing mined jewels in facets and color, these manufactur- ed stones make an ideal gift.

## WINFIELD NOTES

Mr. and Mrs. E. Pow have returned from Vancouver where Mrs. Pow underwent medical examination at the Vancouver General Hospital. Mrs. Pow was in Vancouver approximately two weeks. Mr. Pow took her down and returned home, going back down to bring Mrs. Pow home.

Mrs. Randy Holitzki has re- turned home from Vancouver where she spent ten days visit- ing her husband who is under- going medical treatment at St. Paul's Hospital.

Congratulations of the dis- trict go to Mr. and Mrs. W. Dobson on the birth of their daughter, Pamela Ann.

Mr. and Mrs. Bert Scarrow have journeyed to Vancouver where Mr. Scarrow will be un- dergoing medical treatment at the Shaughnessy Hospital.

## Minor Hockey Draw Winners

The Ladies Auxiliary to the Minor Hockey League wish to thank all those who helped to make their annual Bake Sale a success. It is through these efforts that the auxiliary is able to purchase sweaters and socks for the all star teams of the Minor Hockey League.

Winners of the draw are as follows: 1. Ruth Kornberger, R.R. 4; 2. Mrs. J. Cowan, 808 Sutherland Avenue; 3. Mrs. R. Neetz, 611 Broadway Avenue; 4. Rick Pratt, 962 Harvey Ave- nue; 5. Mr. Leir, 945 Wilson Avenue; 6. H. Matsuda, R.R. 3.

## Exhibition Of Paintings Now In Library

This week we can enjoy an exhibition of water colours, oils and pastels by the well known artist Marion Moran, who is known to us best as Mrs. Grigs- by.

Twenty-eight pictures are on view and well spaced and ar- ranged. Some will appeal to the viewers more than others as in all exhibitions. 'Rocks on Mayne Island' shows excellent drawing, and this picture is all in grey blue monotone. 'John's Farm' and 'Cucumber Jones Barn' are most pleasing lively sketches which will appeal to everyone with colour and drawing that only a fine artist could produce.

The same may also be said for 'Madonna', though here is a much more difficult subject not to be tackled by anyone who has not had both training and experience. Pastel does not seem to be quite a brilliant enough medium for the colour- ing of Kalamalka Lake, unless for an early morning or late evening view.

Mrs. Grigsby is one of the people who can paint what she sees which makes it hard for her to separate abstract from reality. To produce an abstract in a solid medium is sur- ly an almost impossible under- taking if it is to be intelligible to others beside the artist. There is a beautifully illustrat- ed panel of the hymn "The Saints" showing very fine work.

—By Sakutika

## Catholic Awards Presented By Bishop Doyle

PENTICTON (CP) — Service to the church by the women of the Nelson diocese of the Ro- man Catholic Church was recog- nized officially Sunday night when Bishop W. E. Doyle pre- sented the Pro Ecclesiae Et Pontifice Cross to Mrs. J. V. Carberry of Penticton.

"This award is not only to the person of Mrs. Carberry but through her to all the hundreds and even thousands of women of the diocese for their con- tribution to the church in the diocese first 25 years," Bishop Doyle said.

He noted that on the silver jubilee of the diocese earlier this year it was decided to honor the work of clergy, lay- men and lay women in the church's growth in the Nelson diocese.

Chosen for special awards as representatives of each group were Mrs. Carberry; Rev. F. J. Monaghan, rector of the cath- edral at Nelson, who was named domestic prelate; and Dr. J. R. Harrigan of Trail, named knight commander of the Order of St. Gregory.

Miss Winkie Bucholtz enter- tained recently at a delightful luncheon in her home on Har- vey Avenue when her guests included Miss Valerie Deacon, Miss Linda Thompson, Miss Leigh Wilson, Miss Ruth Dodd, Miss Margot Imrie, Miss Louise Brew and Miss Vivian Dore.

Arriving home from the Ver- non Preparatory School on Tuesday to spend the Christmas holidays with their parents were Paul Bucholtz, David Dixon, John and Philip William- son, Alan Simpson, Orson and Clinton Woods, and Gordon Robertshaw.

### CHRISTMAS CONCERT

The Junior High School Christmas Concert will be held in the school auditorium at 8 o'clock this evening. The concert which is being sponsored by the Band Association, under the presidency of Mr. A. E. Matheson, will be directed by Mr. Alan Knodel (band and choir) and Mrs. V. de Long (symphony and choir); and the program will consist of selec-

## Children's Parties At Lumby

LUMBY — Christmas parties for children have already begun in Lumby. Thursday afternoon friends were invited to the Glencaird School for Retarded Children. Teacher, Mrs. Emma DeCuney reports that her pupils put on their little concert without a hitch.

Sunday afternoon, the Royal Canadian Legion, branch 167, staged over 160 children to an afternoon of moving pictures, treats and also Saint Nick. Sunday evening 50 firemen's children were entertained at the Lumby firehall in true Christmas fashion.

Young people from both Lumby's United Church and Anglican Church have decided to join together to form one young people's group. The event will be inaugurated by a supper at the Anglican Church Hall at 6 p.m. Dec. 28, to be followed by a toboggan party on Lumby's recently improved sleigh riding hill, then back to the hall for the business of forming the group.

About 8,200 outgoing letters were mailed from the Vernon Chamber of Commerce during the year.

## Seasonal Motif Marks Enderby Dinner, Party

ENDERBY (Correspondent) — The Enderby Chamber of Commerce has a new slate of nominations for 1962 officers was presented, president H. Desnoyer was in the chair. In the absence of the secretary Mrs. W. Pantion took over.

Officers named and elected were president, W. A. Monk, vice-president, T. K. Smith, secretary-treasurer, W. Pantion, agricultural director, L. Bawtree, entertainment, J. P. Farmer, publicity, Mrs. D. Jones, trade and commerce, C. Smith, membership, T. Reimer.

After the reading of a letter from the 4-H Sewing Club it was decided to sponsor this worthwhile group again, this year.

The question of poor attendance at the meetings of the Chamber of Commerce were discussed a few ideas were put forth to try and remedy this, one a personal canvass, to try and get better representation of the businesses.

The Enderby road sign was again discussed and a committee consisting of G. Salt and C. Smith was appointed with power to add to their committee and to go ahead with erecting a sign in a suitable location near the junction.

Kindale School for Retarded Children at Armstrong held open house Friday. This is a fine opportunity for the public to see the fine work being done for these children, also there was a sale of handicrafts and tea was served.

## Armstrong School Board Hears From Principals

ARMSTRONG (Correspondent) — At the regular meeting recently, the board of Armstrong Spallumcheen School District No. 21 devoted most of its time to reports of the two school principals.

Dennis Stubbs, principal of the Junior-Senior High School, stated: "Arising out of the deliberations of staff committees during the past month, a full staff meeting was held last week to consider the balance which should be maintained in teaching and testing in the school between objective, expressive, and fully subjective material."

The tendency in the Grade 10 departmental examinations during the past year of too many questions of a rote nature was noted. Mr. Walsh, principal of the elementary school told the meeting that the Grade III choir, under the direction of Mrs. A. E. Davies, assisted by Ronald R. Heal, had taken part in Vernon's festival of Christmas carols.

Mr. Walsh also reported that health nurse Mrs. Rawleigh had found an entire class of

play by forward Ike Coulter.

In an attempt to knock down a bouncing puck directly in front of the Kamloops net, Coulter managed to get it on the handle of his stick from where it glared off into the net to beat goalie Pete Sternig on the short side.

Kamloops came back at the 5:59 mark on a goal by Bob Nishimura from Glenn Madison and Vic Minamide. Vernon closed off the scoring in the first period at the 17:42 point on a hard slap shot by Dave Kowal at the blue line.

For the first eight minutes of the second the Canadians managed to keep pace with the Kamloops crew. But at 8:27 in the second, the roof fell in when Rocket forward, Vic Minamide put in the equalizer on a power play by Nishimura, Shishido and Minamide.

Kamloops went ahead to stay from Duck Sherg drove his second of the night past Sternig. With less than eight minutes to go in the final frame, Rocket's Glenn Richards put the game in the bag for the northern boys when he slipped the puck past the short side of Jones from a pass by Bill Cochran.

Kamloops big point getter of the night was Jackie James with four goals and one assist. Close behind was Glenn Richards with one goal and three assists. Vernon big man was Dave Kowal with a pair of goals and one assist.

Vernon netminder Bob Jones was in his: at top form when he chalked up an impressive 41 pucks against Sternig's 29 throughout the 60 minute game. Referees Don Jakes and Walt Trentini kept the game well in hand and had to only assess seven minor penalties to the youngsters. Vernon picked up five to Kamloops two in the penalty department.

## Figure Skating Judges Travel To Prince George

VERNON — Members of the B.C. Judges Bureau (Okanagan-Mainline Region), CFSA judges, travelled to Prince George last weekend to officiate for the Prince George Figure Skating Club, at the Prince George \$200,000 Coliseum.

Competitions commenced Saturday noon until 10 p.m. Winners of the highest class event, junior ladies, and the most artistic award, was Miss Leslie Latham, former student at the Kelowna Summer Skating School who ousted eight other strong contenders in a closely fought competition. Ribbons were awarded by John Powers, second vice-president, B.C. section, CFSA, first, second and third place winners on Saturday night.

Tim Deele, president of the Prince George Figure Skating Club, entertained the Prince George executive and visiting judges with a party at his residence. Tests were held early Sunday morning at 7 o'clock and were conducted continuously until 12:30 noon with Edric Howell as official referee.

Travelling to Prince George were Mr. Oswald of Kelowna, chairman of the B.C. Judges' Bureau (Okanagan - Mainline Region) and member of the B.C. Section Executive; Mrs. Dorothy Sawicki of Vernon, secretary-treasurer of the B.C. section, CFSA; and Loyce Campbell, member of the Summerland Figure Skating Club and Summerland Rink Association.

## NEW FIRE HALL COLDSTREAM (Staff)—New fire hall here is nearing completion and it is expected that cement will be poured for the floors within a few days.

## DRIVERS GROWL-AND SNARL BUT SKIERS JUST GLEEFUL

VERNON (Staff) — While Vernon digs itself out of a record snowfall today, skiers in the area are preparing for the best weekend ever on Silver Star.

More than two inches fell over the past 24 hours for a total of 19.6 inches of snow to date this year. The highest snowfall on record for December was in 1951 when 33 inches covered the ground.

Jumping conditions are ideal at the James Mutrie Ski Jump at Silver Star and classes for juniors and seniors started last week.

The first CNR ski train is expected here from the Coast Saturday morning.

Kids and sentimentalists are also cheerful at the White Christmas prospect. In fact, only drivers are unhappy with the weather. Cars, trucks, and even buses found city streets difficult to navigate late Tuesday at the height of the snowfall. City crews were out at the crack of dawn sanding and clearing the snow from main streets. They continue to work around the clock today.

RCMP report no accidents as a result of the snowfall.

Vernon Chamber of Commerce has more than 320 paid up members.

## BACKACHE May be Warning

Backache is often caused by lax kidney action. When kidneys get out of order, excess acids and wastes remain in the system. Then backache, disturbed rest or that tired-out and heavy-headed feeling may soon follow. That's the time to take Dodd's Kidney Pills. Dodd's stimulate the kidneys to normal action. Then you feel better—sleep better—work better. Get Dodd's Kidney Pills now.

## SURVIVORS OF CRASH 'FAIR'

VERNON (Staff) — Antoine Wagner, of Lumby, and Mrs. John Engler, both train-car crash victims last week remain in "fair" condition in Vernon hospital today.

The level crossing accident took the lives of Mr. Wagner's wife and 10-month-old daughter, and Tuesday his two-and-a-half year-old son died of multiple injuries sustained in the crash.

## Donors Of Blood Rewarded

ARMSTRONG (Correspondent) — A good crowd turned out Friday for the annual Christmas tree and concert of the Armstrong Baptist Church. Albert Haller was master of ceremonies for the evening.

After the singing of several Christmas carols, the program consisted of a long and varied night.

Word has been received by the Armstrong branch of the Canadian Red Cross Society from Vancouver headquarters of the Red Cross that Mrs. William J. Bradley of Armstrong has been awarded the Twentieth-Time badge and special honor certificate for having given blood 20 times. Congratulations of the entire community go out to Mrs. Bradley for this achievement.

Tenth-Time badges have been mailed from Vancouver Red Cross to the following: Robert Foulis, Armstrong; Mrs. Thomas H. Kope, Armstrong; Dr. J. MacAusland, Enderby; John J. Shykoora, Grandview. Congratulations go to these five also having donated blood 10 times.

By VIOLET BASARABA and WENZEL HANIK

Vernon's basketball teams travelled north to Salmon Arm. The Salmon Arm girls won their game with a score 56-19. Vernon's Lorraine Janz collected 10 of Vernon's points.

In the exhibition game between B boys teams Salmon Arm came out on top again with the score 38-12. In the boys' A teams' game, Salmon Arm came out on top again with the score 49-33.

The senior matrics are starting to write their exams. Wherever they can; while waiting for buses, in lunch hours, in study periods, etc. you can see them buried in books!

TORCH LIT — The Torch spare staff can be seen working hard most lunch hours and after school on the giant issue to come out on Dec. 21. The typists and artists are the busy ones with the exception of the editor and assistant editor who are trying to collect all the news before the deadline.

Most of the money of the UNICEF drive held on Halloween has been handed in and it came out to be over \$350. This is less than last year, but bad weather stopped many children from going around.

This money along with the money still to come in will be sent to Toronto from where it will be sent to New York. The U.N. club was in charge of the arrangements.

There are many parties of the different clubs before Christmas or right after New Year.

There will be a report on the parties next time.

So, until next time when we'll have more reports on the happenings in and around Vernon Senior High.

Mr. and Mrs. Stephen R. Heal left Friday for Vancouver, where they were called due to the sudden passing of Mrs. R. R. Heal left Saturday for Vancouver to attend the funeral of Miss Jacks, who was his aunt.

Mr. and Mrs. Clint Hiles of Port Moody, former residents of Armstrong, will arrive at the weekend to spend Christmas at the home of Mr. and Mrs. J. Nelson. They will be accompanied by Mrs. Dorothy Lukian and Alana of Vancouver, who will stay at the home of Mrs. Lukian's parents, Mr. and Mrs. Jonas Johnson.

## MONTHLY MEETING

VERNON (Staff) — The Junior Women's Missionary Society will hold their monthly meeting in the Ladies' Parlor Monday at 8 p.m. in the Vernon United Church. A Christmas meeting of the Senior Women's Missionary will be held in the ladies' parlor Tuesday at 2 p.m. This will be the last meeting of the year. Tea will be served.

## District Milk Tops In Calcium

VERNON (Staff) — Milk produced in the Kamloops-Okanagan area is richer in calcium than any other milk in Canada, according to E. C. Stuckland of NOCA dairies.

Mr. Stuckland says he bases his information on scientific reports of analyses made at the UBC.

He also says the dairy industry in the Kamloops-Okanagan area is now a \$4,000,000 industry and an important source of livelihood to many farmers.

In a prepared statement NOCA states that a review of the B.C. Milk Board's general order No. 21 has resulted in all licensed fluid milk producers in the area of production.

The order puts into effect new milk quota regulations March 1, 1962.

A MORATORIUM — SODICA directors and Kamloops - Okanagan Dairymen's Association have asked for a year's moratorium to give the producers of the area more time for preparation.

Following a number of lengthy meetings, a workable compromise was reached with the B.C. Milk Board and dairymen.

This will increase milk quotas for the months of July and August to 15 per cent, and will provide a bare minimum quantity of quota milk to take care of the rapidly growing milk utilization in the Kamloops-Okanagan area during summer months.

E. C. Carr, chairman of the B.C. Milk has announced that it is the intention of the board, after a reasonable period for Okanagan producers to study the new order, to hold meetings in the area. These will be attended by all members of the B.C. Board who will be prepared to answer questions of producers.

It is indicated that the meeting will probably be held early in January.

## Shareholders In BCP Spurn Selling Move

VANCOUVER (CP) — British Columbia Power Corporation shareholders have voted overwhelmingly in favor of capital distribution of \$87,890,000 and against selling their shares to the B.C. government.

At a special general meeting 89.4 per cent favored a general distribution of \$18.70 a share. Turned down by 96.3 per cent was a resolution to accept the government's offer of \$38 each for B.C. Power shares.

Distribution will be made to shareholders of record Dec. 15. The money represents the major part of \$110,985,045 paid to the corporation by the provincial government as compensation for the takeover of the B.C. Electric Company Aug. 1.

More than 6,000 out-of-town visitors called at the Vernon Chamber office during July and August, 1961.

## TAKE TIME OUT FOR SURVIVAL

Earn as you Serve Under the Special Canadian Army Militia Training Programme

The Army wants to train 100,000 men this winter to enable them to take their place with the Militia in the vital survival operations role. Four special courses will be conducted in the larger cities and towns across Canada during the next six months.

During his course the new Militiaman will be given all-day training for five days a week. He will live at home and receive the same pay as a regular soldier, plus a living allowance for a total of \$175.00 per month.

If you're between 18 and 50 and meet enrolment standards, here's your chance of making a man-size contribution to Canada's defence. Dates of courses are: Nov. 6, Dec. 17, 1961; Jan. 8, Feb. 18, 1962; Feb. 26 - Apr. 9, 1962; Apr. 16 - May 27, 1962.

You may obtain full information and enrolment details, without obligation, by visiting the address below:

# Goals Tough To Come By This Season

Frank Mahovlich and Bernie Geoffrion, who came up with a terrific stretch National Hockey League hot drive — averaging a goal for shots of a year ago, are finding goals tougher to come by this season.

Both, particularly Big M, are far behind the pace they set in 1960-61 when they staged a sensational effort to overhaul tired Maurice (Rocket) Riordan's record of 50 goals in one season.

Mahovlich, the brilliant left winger of the Toronto Maple Leafs, faltered and missed equalling the record by two goals.

Geoffrion, who patrols right wing for Montreal Canadiens, came up with a terrific stretch National Hockey League hot drive — averaging a goal for shots of a year ago, are finding goals tougher to come by this season.

# Green Bay Gets Ready By Taking Things Easy

GREEN BAY, Wis. (AP)—Green Bay Packers plan to start getting ready for their National Football League title game with New York Giants by taking it easy.

Packer coach Vince Lombardi said workouts starting today would be "short and easy" for the remainder of this week. Players will be excused from drills Sunday and Christmas Day and heavy training will start Tuesday for the Dec. 31 clash.

As the Western Division champion Packers idled Tuesday there was an encouraging news from the hospital on fullback Jim Taylor and safetyman Johnny Symank, the latest major casualties.

Nelher has any broken bones, and both are determined to play against Giants, winners of the Eastern Conference crown. Taylor's painful back ailment

# League Leaders Clash For AFL Championship

HOUSTON (AP)—San Diego Chargers and Houston Oilers meet for the American Football League championship Sunday, and the Oilers can be thankful Billy Cannon took care of the skeptics.

The Heisman Trophy winner from Louisiana State had a hard time last year when he made his pro debut. He got battered and benched.

He was threatened with the bench early this season because Lou Rymkus, then coach of the Oilers, said he thought it might help Cannon play better football.

But Cannon responded. When Wally Lemm took over for Rymkus in mid-October, Cannon started a running binge that led him to the league's rushing title, a one-game rushing record and a tie for the most touchdowns in one game.

Cannon is only part of the story of Houston's nine-game surge from the bottom to the top of the league's Eastern Division.

The Oilers set several records in lining up the title rematch, and some of the marks are

good enough to be records in either pro league.

The defending AFL champs are the first team in the AFL or the National Football League to gain more than 6,000 yards in a single season. The Oilers picked up 6,288 in 14 games. No team in either league has ever matched the 4,392 yards Houston gained on passes. No other team in the AFL or NFL has scored more than 500 points in one season. Houston scored 513.

George Blanda, in his 12th year, passed for 3,340 yards and 36 touchdowns—more than any other quarterback has done in either league.

The Oilers led the league in passing offense, total offense, individual passing and individual rushing.

This is a big switch from last

PACKERS, GIANTS DOMINATE

# NFL All-Stars Formed

NEW YORK (AP)—Green Bay Packers and New York Giants dominate the all-star team of the National Football League selected by a panel of sports writers and sportscasters from the 14 league cities.

The Packers, champions of the Western Conference, landed six players on the 22-man squad. Green Bay put guard Fred Thurston, center Jim Ringo and halfback Paul Hornung on the offensive unit and tackle Henry Jordan, linebacker Forrest Forrester and halfback Jesse Whitenton on the defensive team.

The Giants, Eastern Conference kings, placed end Del Shofner and tackle Roosevelt Brown on the offensive club and end Katoavage, halfback Erich Barnes and halfback Jimmy Patton on the defensive team.

The Giants and Packers met for the NFL title in Green Bay, Wis., Sunday, Dec. 31.

Sonny Jurgenson of Philadelphia Eagles was named quarterback in a backfield that includes Jimmy Brown of Cleveland Browns at fullback and Lenny Moore of Baltimore Colts and Horning at halfback.

Jim Taylor of Green Bay finished a close second to Brown

in the fullback competition. Several voters named both Brown and Taylor, two fullbacks, to the team.

Ringo and Thurston of the powerful Green Bay line, and Jim Ray Smith of Cleveland were overwhelming choices at center and guard. Roosevelt Brown and Jim Parker of Baltimore just edged Forrest Gregg of Green Bay and Mike McCormack of Cleveland for the offensive tackle job.

Shofner, traded away by Los Angeles Rams during the off season, was named as first

string and on a majority of the ballots. He caught 68 passes for 1,125 yards and 11 touchdowns during the Giants' drive to the Eastern Conference title.

Jim Phillips of the Rams won the other end post with his league-leading total of 78 catches for 1,092 yards.

Brown beat out Taylor for winning the ground game, gaining title for the fifth straight year with a total of 1,408 yards. Moore scampered for 15 touchdowns as a pass catcher and fleet scatback.

Hornung, who was called to United States Army service in mid-season but played in most of the games on weekend passes, led the league in scoring with 146 points on 10 touch-

downs, 15 field goals and 41 conversions.

Jurgenson, who sat in the shadow while Norm Van Brocklin led the Eagles to the league championship last year, came into his own this year at Philadelphia. With Tommy McDonald, Pete Retzlaff and Bobby Walston as his chief targets, Sonny tied the league record with 32 touchdown passes and gained 3,723 yards, a record.

The defensive team also included Gino Marchetti of Baltimore at end, Alex Karras of Detroit Lions at tackle, Bill George of Chicago Bears and Joe Schmidt of Detroit as line-backers and Dick (Night Train) Lane of Detroit in the back-

## Rossland Beaten 9-5 By Smokies

ROSSLAND (CP)—World champions Trail Smoke Eaters, playing a wide open game, defeated Rossland Warriors 9-5 before some 450 fans in a Western International Hockey League contest Tuesday night.

A small riot broke out in the third period when fans began an attack on the Trail players. One fan was clubbed over the head and the fight was over.

Trail goal-getters were Russ Kowalchuk with four, Pinokke McIntyre with two and Laurie Burrows, Hal Jones and Addy Tambellini added singles.

George McIntyre scored a brace for Rossland while Owen Malley, Bud Andrews and Wiggy Davis added singles.

## Pro Tennis Leaves U.S.

LOS ANGELES (AP)—Jack Kramer's professional tennis players will not tour the United States next year because the crowds aren't showing up.

Kramer said Tuesday about \$75,000 was dropped on the last U.S. tour. He said there will always be a demand in this country for the pros, "but not on an annual basis until open tennis comes."

The pros have 1962 tournaments scheduled in Australia, South America, South Africa and Europe.

"We're convinced our best bet is to take advantage of tremendous interest in foreign countries," Kramer said. "It's a tremendous gamble to put up expensive prizes. The idea of gambling in America is not as pleasant as gambling elsewhere."

## DEMARCO CLOBBERS JORDAN IN SECOND ROUND WW BOUT

BOSTON (AP)—Tony DeMarco, former world welterweight boxing champion, had "renewed confidence" today.

But Don Jordan, 27, another one-time welterweight, had only an aching feeling for his trouble.

DeMarco, 29, won the first bout of his latest comeback Tuesday night, knocking Jordan out at 2:40 of the second round in a scheduled 10-rounder.

A controversial low blow crumpled Jordan to the canvas. To ringsiders, the punch appeared eight to 10 inches below Jordan's belt.

Veteran referee Billy Connolly said "in my estimation it was a fair blow."

"It was low all right," said Jordan, who skidded further with the defeat after holding the 147-pound welterweight title several years ago. "He hit me low in the first round and then again on the knockout. I couldn't speak, it hurt so."

DeMarco, who last fought nearly two years ago, said the victory "gives me confidence for going further on the comeback."

DeMarco, who won the welterweight crown from Johnny Saxton in 1955 and lost it to Carmen Basile 70 days later, said the knockout punch "definitely was fair."

Both boxers weighed 147 pounds.

## TUESDAY'S FIGHTS

By THE ASSOCIATED PRESS  
Boston—Tony DeMarco, 147, Boston, knocked out Don Jordan, 147, Los Angeles, 2.  
Houston, Tex.—Cleveland Williams, 200, Houston, knocked out Jim Wiley, 190, Philadelphia, 1.  
Fresno, Calif.—Neal Rivers, 175, Las Vegas, Nev., outpointed Dean Bogani, 175½, Fresno, 10.

## Eagles, Colts Get Fair Share Of Awards

NEW YORK (AP)—Neither Philadelphia Eagles nor Baltimore Colts won conference honors in the National Football League this season, but they romped off with team titles just the same.

The Eagles piled up 5,112 yards from rushing and passing and beat the other 13 clubs in team offense, the NFL's final figures for the campaign showed today. The Eagles gathered 3,605 yards on passing and led the league in that department.

Baltimore was second in total yardage with 4,922 yards and San Francisco 49ers third with 4,714 yards and the eastern champion New York Giants fifth with 4,597.

The Packers set the pace in rushing with 2,350 yards, in touchdowns with 49, touchdowns rushing with 31 and most points scored with 391.

Baltimore won the total defense title, giving up a low of 2,782 yards. The Colts also had the best pass defense, yielding 1,913 yards. Pittsburgh Steelers were the best against rushing, permitting only 1,463 yards.

The Giants intercepted the most passes, 33, and gave up the least points, 220.

## Blades' Cake Is Goyer, But Pelletier Is Icing

Los Angeles Blades not only have the Western Hockey League's leading scorer in Gerry Goyer, but they also have the league's highest-scoring goaltender in Marcel Pelletier.

Goyer and Pelletier both hit the scoresheet Tuesday night as the Blades downed San Francisco Seals 5-3 in one of two scheduled games.

The second game saw Calgary Stampede run wild for a 9-2 win over Vancouver Canucks before more than 5,700 fans at Calgary.

Goyer fired the winning and insurance goals and Pelletier chipped in with an assist—his second of the season—as the Blades strengthened their hold on third place in the Southern Division. The win, before 2,700 fans at San Francisco, moved the Los Angeles three points ahead of the last-place Seals.

Goyer broke a 3-3 tie with his first goal midway through the final period and added the clincher into an open net with only 23 seconds remaining. He now has 51 points, nine more than teammate Danny Belsie, and leads the league in goals with 29.

Also scoring for Los Angeles were Earl (Ching) Johnson, a recent acquisition from the

American League, Bruce Carmichael and Willie O'Ree. Gordie Redah, Bob Solinger and Duke Edmundson answered for the losers.

## Football Deaths Create Concern

15 prep football deaths in the 1961 season has the United States Federation of State High School Athletic Associations seeking new safety measures.

Clifford B. Fagan, executive secretary of the association, said Tuesday "the federation is going to campaign for stricter enforcement of regulations governing such things as piling on and tackling out of bounds. We also want to see a reduction in the use of forearm as defense."

**BASKETBALL WIN**  
NORTH VANCOUVER (CP)—Bob Pickell racked up 36 points Tuesday night to lead Vancouver Purlitons to an 88-74 win over New Westminster in an Inter-City Basketball League game. The top scorer for the losers was Mike Potkonjak with 20.

**49. Legals & Tenders**

**NOTICE**

Notice is hereby given that an application will be made to the Legislative Assembly of the Province of British Columbia, at its next session, on behalf of Canada Permanent Trust Company which by Chapter 77 of the Statutes of Canada 1960-61 is deemed to be a trust company incorporated by special Act of the Parliament of Canada, for an Act in relation to that with effect as at December 1, 1961:

1. Canada Permanent Trust Company be substituted as executor of the estate in the place and stead of The Canada Permanent Trust Company or The Toronto General Trusts Corporation in respect of every trust, trust deed and other instrument whatsoever wherein or whereby The Canada Permanent Trust Company or The Toronto General Trusts Corporation is or was named as, or became, Trustee or was appointed to any office of trust;

2. All trusts and trust assets and properties of every kind, as well as all rights and privileges held or enjoyed by them under any instrument of any kind, The Canada Permanent Trust Company or The Toronto General Trusts Corporation be vested in Canada Permanent Trust Company;

3. All Trust Deeds and other documents of every kind, whether herebefore made, made, naming or appointing The Canada Permanent Trust Company or The Toronto General Trusts Corporation to any office of whatever kind be construed and given effect to as if Canada Permanent Trust Company had been named therein in the place and stead of The Canada Permanent Trust Company or The Toronto General Trusts Corporation;

4. All properties of every kind belonging to or standing in the name of The Canada Permanent Trust Company or The Toronto General Trusts Corporation be transferred to and vested in Canada Permanent Trust Company without further act, conveyance or other deed;

5. The rights of all creditors and persons having any claims against either The Canada Permanent Trust Company or The Toronto General Trusts Corporation be preserved, and that all such rights may be asserted against Canada Permanent Trust Company or The Toronto General Trusts Corporation without further act, conveyance or other deed;

6. # Wife Trouble Brought Immigrant To Canada

**WASPAKE**  
CHIEF OF THE SHOSHONE INDIANS OF WYOMING, AFTER HIS FAVORITE SON, NAG-GAI, WAS SLAIN BY THE SIOUX, FOUND HIS BLACK HAIR HAD TURNED SNOW WHITE IN A SINGLE NIGHT OF GRIEF.

**WASPAKE**  
CHIEF OF THE SHOSHONE INDIANS OF WYOMING, AFTER HIS FAVORITE SON, NAG-GAI, WAS SLAIN BY THE SIOUX, FOUND HIS BLACK HAIR HAD TURNED SNOW WHITE IN A SINGLE NIGHT OF GRIEF.

AURORA, Ont. (CP) — A young Scots father said Monday he brought his seven-month-old daughter to Canada in an attempt to force his wife to return to him.

David Munroe, 24, said he believes "Canada could be our salvation." But after 10 days here and a telephone call to his wife in Scotland, the couple today seemed no closer to reconciliation.

A Scottish court has ordered Mr. Munroe to return the child to her mother but he intends to take out immigration papers. At the moment he has a six-month visitor's permit, which he took out when he decided to come to this town, 15 miles north of Toronto.

He said he tried for six weeks to get his wife, Elspeth, 18, to return to live with him at his home in Scotland but that she went to her parents' home when she developed a nervous complaint.

The couple, married in October, 1960, went to a marriage counsellor, a psychiatrist and their minister but Mrs. Munroe was "apparently against a reconciliation."

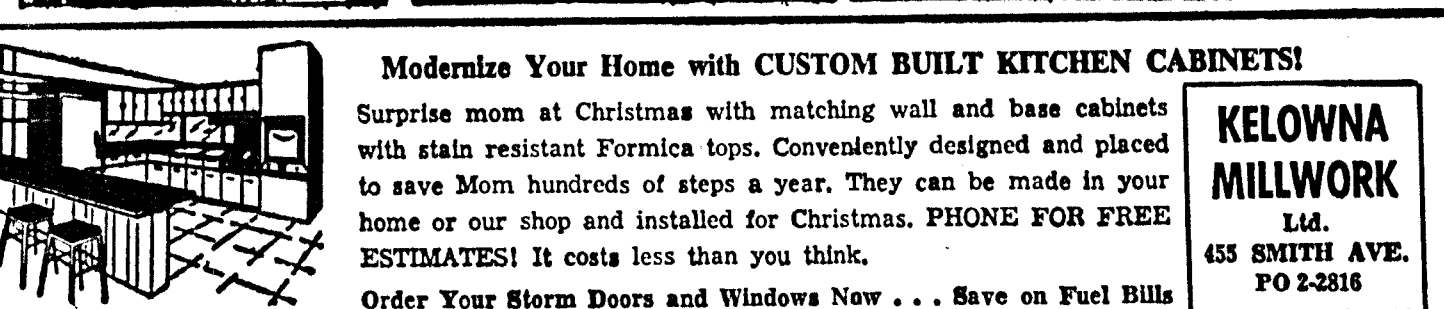

After that, said Mr. Munroe, "there didn't seem much hope of a reconciliation" so he felt it he "took charge of the baby it might bring her back to me."

He took the baby, Mary Lilian Elspeth, from his wife's parents' home by asking for her, saying he wanted to take her out. They went to his parents' home in Glasgow and he planned the trip to Canada. They are staying now at the Aurora home of his sister, Mrs. Thomas Shields. Mr. Munroe refuses to return the baby.

The Tokyo telephone directory in 1961 listed 1,000 restaurants offering eel specialties.

The bidding:  
North East South West  
1 ♠ Pass 1 ♠ Pass  
4 ♠ Pass 6 ♣

Opening lead — queen of spades.

Here is a hand that requires unusual bidding to get to the right contract. The deal occurred in the masters pair event when the Summer Nationals were played in Washington, D.C., last August.

It is a worthwhile hand to study, because slams that can be bid and made are comparatively infrequent, and no one can afford to bungle them when they come along.

Despite the high caliber of the field, very few pairs reached the proper contract. At most tables a slam in hearts, played by South, was reached. This contract suffered an early demise when West made the natural lead of the queen of

spades and the defense garnered the first two tricks.

A substantial number of North-South pairs did not reach the slam, surprisingly enough, but did quite well when they wound up scoring a game, which was quite a lot better than the minus score turned in by the six-heart bidders.

Only a handful of North-South pairs got to the best contract of six notrump played by North, which could not be defeated. In these cases the bidding usually went:

The jump raise to four hearts was properly construed to show a big hand. South might have hand only a six-point hand for the response of one heart, and North's jump to four hearts said, in effect, that his hand was powerful enough to make a game even opposite a minimum response. The four heart bid showed about a 20-point hand.

So South, on this basis, was enticed, but the rash six-heart bid chosen by many of the South players was not the best approach to the slam.

The five-club bid had the merit of keeping the door open to an eventual six heart contract, while, at the same time, it gave North the opportunity to become declarer at notrump if he had a spade holding that required protection against the opening lead.

The five-club bidders were well rewarded for their caution when North bid five notrump which South raised to six.

## YOUR HOROSCOPE

**FOR TOMORROW**  
Those in professional fields are under especially good aspects now, but practically all lines of endeavor should show some gain under present configurations.

The evening vibrations favor domestic and romantic matters; also travel plans.

**FOR THE BIRTHDAY**  
If tomorrow is your birthday, the year ahead promises much in the way of occupational gain. If you are willing to take on new responsibilities and work harder than usual between now and the end of February, the indications are excellent for advancement but you must be alert to opportunity. March will

be a good month in which to try out new ideas and experiment with more progressive methods. Avoid extravagance in so doing, however.

Domestic and romantic matters will be under benefic aspects during most of 1962, and travel is a possibility between June and October. During November you may be cut down on expenses and you may also be given an opportunity to turn a neat financial profit. If so, apply it in a manner beneficial to future security.

A child born on this day will be endowed with a warm and lovable personality and fine executive talents.

# Decentralization Afoot In Farm Fallout Count

OTTAWA (CP)—Some decentralization is afoot in the government's agriculture research program to assess the impact of radioactive fallout on farm products. It is believed that most of the fallout will be in the wheat belt, where the wheat kernel or outer husk, it is believed, will be the most contaminated.

Other targets are to train more personnel in gauging where fallout concentrates in cereals, milk, meat or potatoes and how its harmful effects can be reduced.

Such work done on cereals in the past by the health department and atomic scientists at Chalk River, Ont., is being switched to the Winnipeg laboratory of the Board of Grain Commissioners, said Dr. J. C. Woodward, assistant director general of the agriculture department's research program.

Dr. J. A. Anderson at Winnipeg will test grain samples from across the country and it has been recommended that he be equipped with the analytical equipment necessary to build up a solid foundation of information, Dr. Woodward said.

Work on radioactivity is part of the watchdog function required in other fields of human hazard, such as the growing use of farm pesticides.

The impact of Russian atmospheric tests, shown in figures released Tuesday to be declining from areas less seriously af-

ected to produce a commercial process and Dr. Migovsky was in Washington Tuesday to attend the unveiling of the pilot plant.

He has also been working on removal of cesium-137 from meat and Dr. Woodward said there is some indication from test-tube operations so far that it can be done.

## Ex-Stalinist Downgraded

LONDON (Reuters) — Vukko Chervenkov, former Bulgarian premier and Communist party strongman in Stalin's time, has been relieved of his duties as deputy premier by a decree of the Bulgarian National Assembly Presidium, it was announced here.

Chervenkov — nicknamed Little Stalin by Russian admirers in Moscow before the Second World War — became premier of Bulgaria in 1950.

He was demoted to deputy premier in April, 1958, during the Kremlin's drive against Stalinism after Stalin's death. He retained wide influence behind the scenes for some time but after 1958 little was heard of him.

## YES, BUT . . . TO NO AVAIL

VELBERT, West Germany (AP) — Language difficulties recently put a high-ranking African diplomat to work in a local lime quarry.

Officials of the quarry said the immaculately dressed diplomat came to Velbert to discuss quarrying possibilities in his homeland. When he arrived, he misread a sign in German and entered the labor office instead of the directors' bureau.

A foreman plopped a protective steel helmet on his head, told him to grab a pick and led him into the dust-filled pits where African apprentices got a call from the diggers. One of the apprentices refused to work, insisting he had come to discuss the business, not to learn it.

They retrieved the visitor, brushed him off and then talked about African lime. ness, not to learn it.

## STUDENTS PROTEST

SHENANDOAH, Pa. (AP) — The school board closed Shenandoah's high school Tuesday, four days ahead of the scheduled Christmas vacation, because of student protests over the removal of Bernard Gazan as football coach. Hundreds of boys and girls paraded in downtown Shenandoah chanting, "we want Gazan." He was ousted by the board last Thursday after his team won once and lost nine games last season.

## Possible Cure For Cancer Being Studied

TORONTO (CP) — Canadian radiologists and doctors are watching closely a new technique being tried in the United States for cancer cures by surgery.

The technique, involving massive doses of radiation before surgery, was described by Dr. R. Adams Cowley of the University of Maryland at an Ontario Cancer Foundation meeting.

Dr. Clifford Ash, director of the Ontario Cancer Institute, said: "The procedure is extremely interesting, and although it has been confined to selected patients in a small group, we are watching it very closely."

Dr. Cowley said results so far applied to patients in whom cancer indicates "some merit." The Maryland treatment has been one lung.

## CROOKS USE 'CAB'

LONDON (Reuters) — Four bandits using a bogus taxicab kidnapped three bank employees in central London Tuesday and escaped with £20,000 (\$56,000). The victims, two messengers and a cashier, hailed the "taxi" to take the money from the Bank of England to another bank. They later were dumped unhurt at a parking lot.

## AMBASSADOR APPOINTED

OTTAWA (CP)—Louis Couillard, 41, former Canadian ambassador to Venezuela, has been appointed ambassador to Norway and Iceland. It was announced Tuesday. Mr. Couillard has served in Geneva, Havana, Paris, London and Washington, as well as in Venezuela.

## What Are White People Asks S. African Judge

PRETORIA (Reuters) — A South African family of eight became officially "white" today after successfully appealing against a race classification board judgment that they were "colored"—of mixed white and non-white descent.

Justice Symman said that although evidence cast doubt on whether the father is "white" by descent, he regarded the man's features as those of "a white person of the European peoples along the Mediterranean seaboard."

At one point during today's proceedings, at which the family's name was ordered withheld, the family's six children filed before the judge. Before inspecting them, he asked: "What is a white person? How can I judge?"
